Heart To Heart

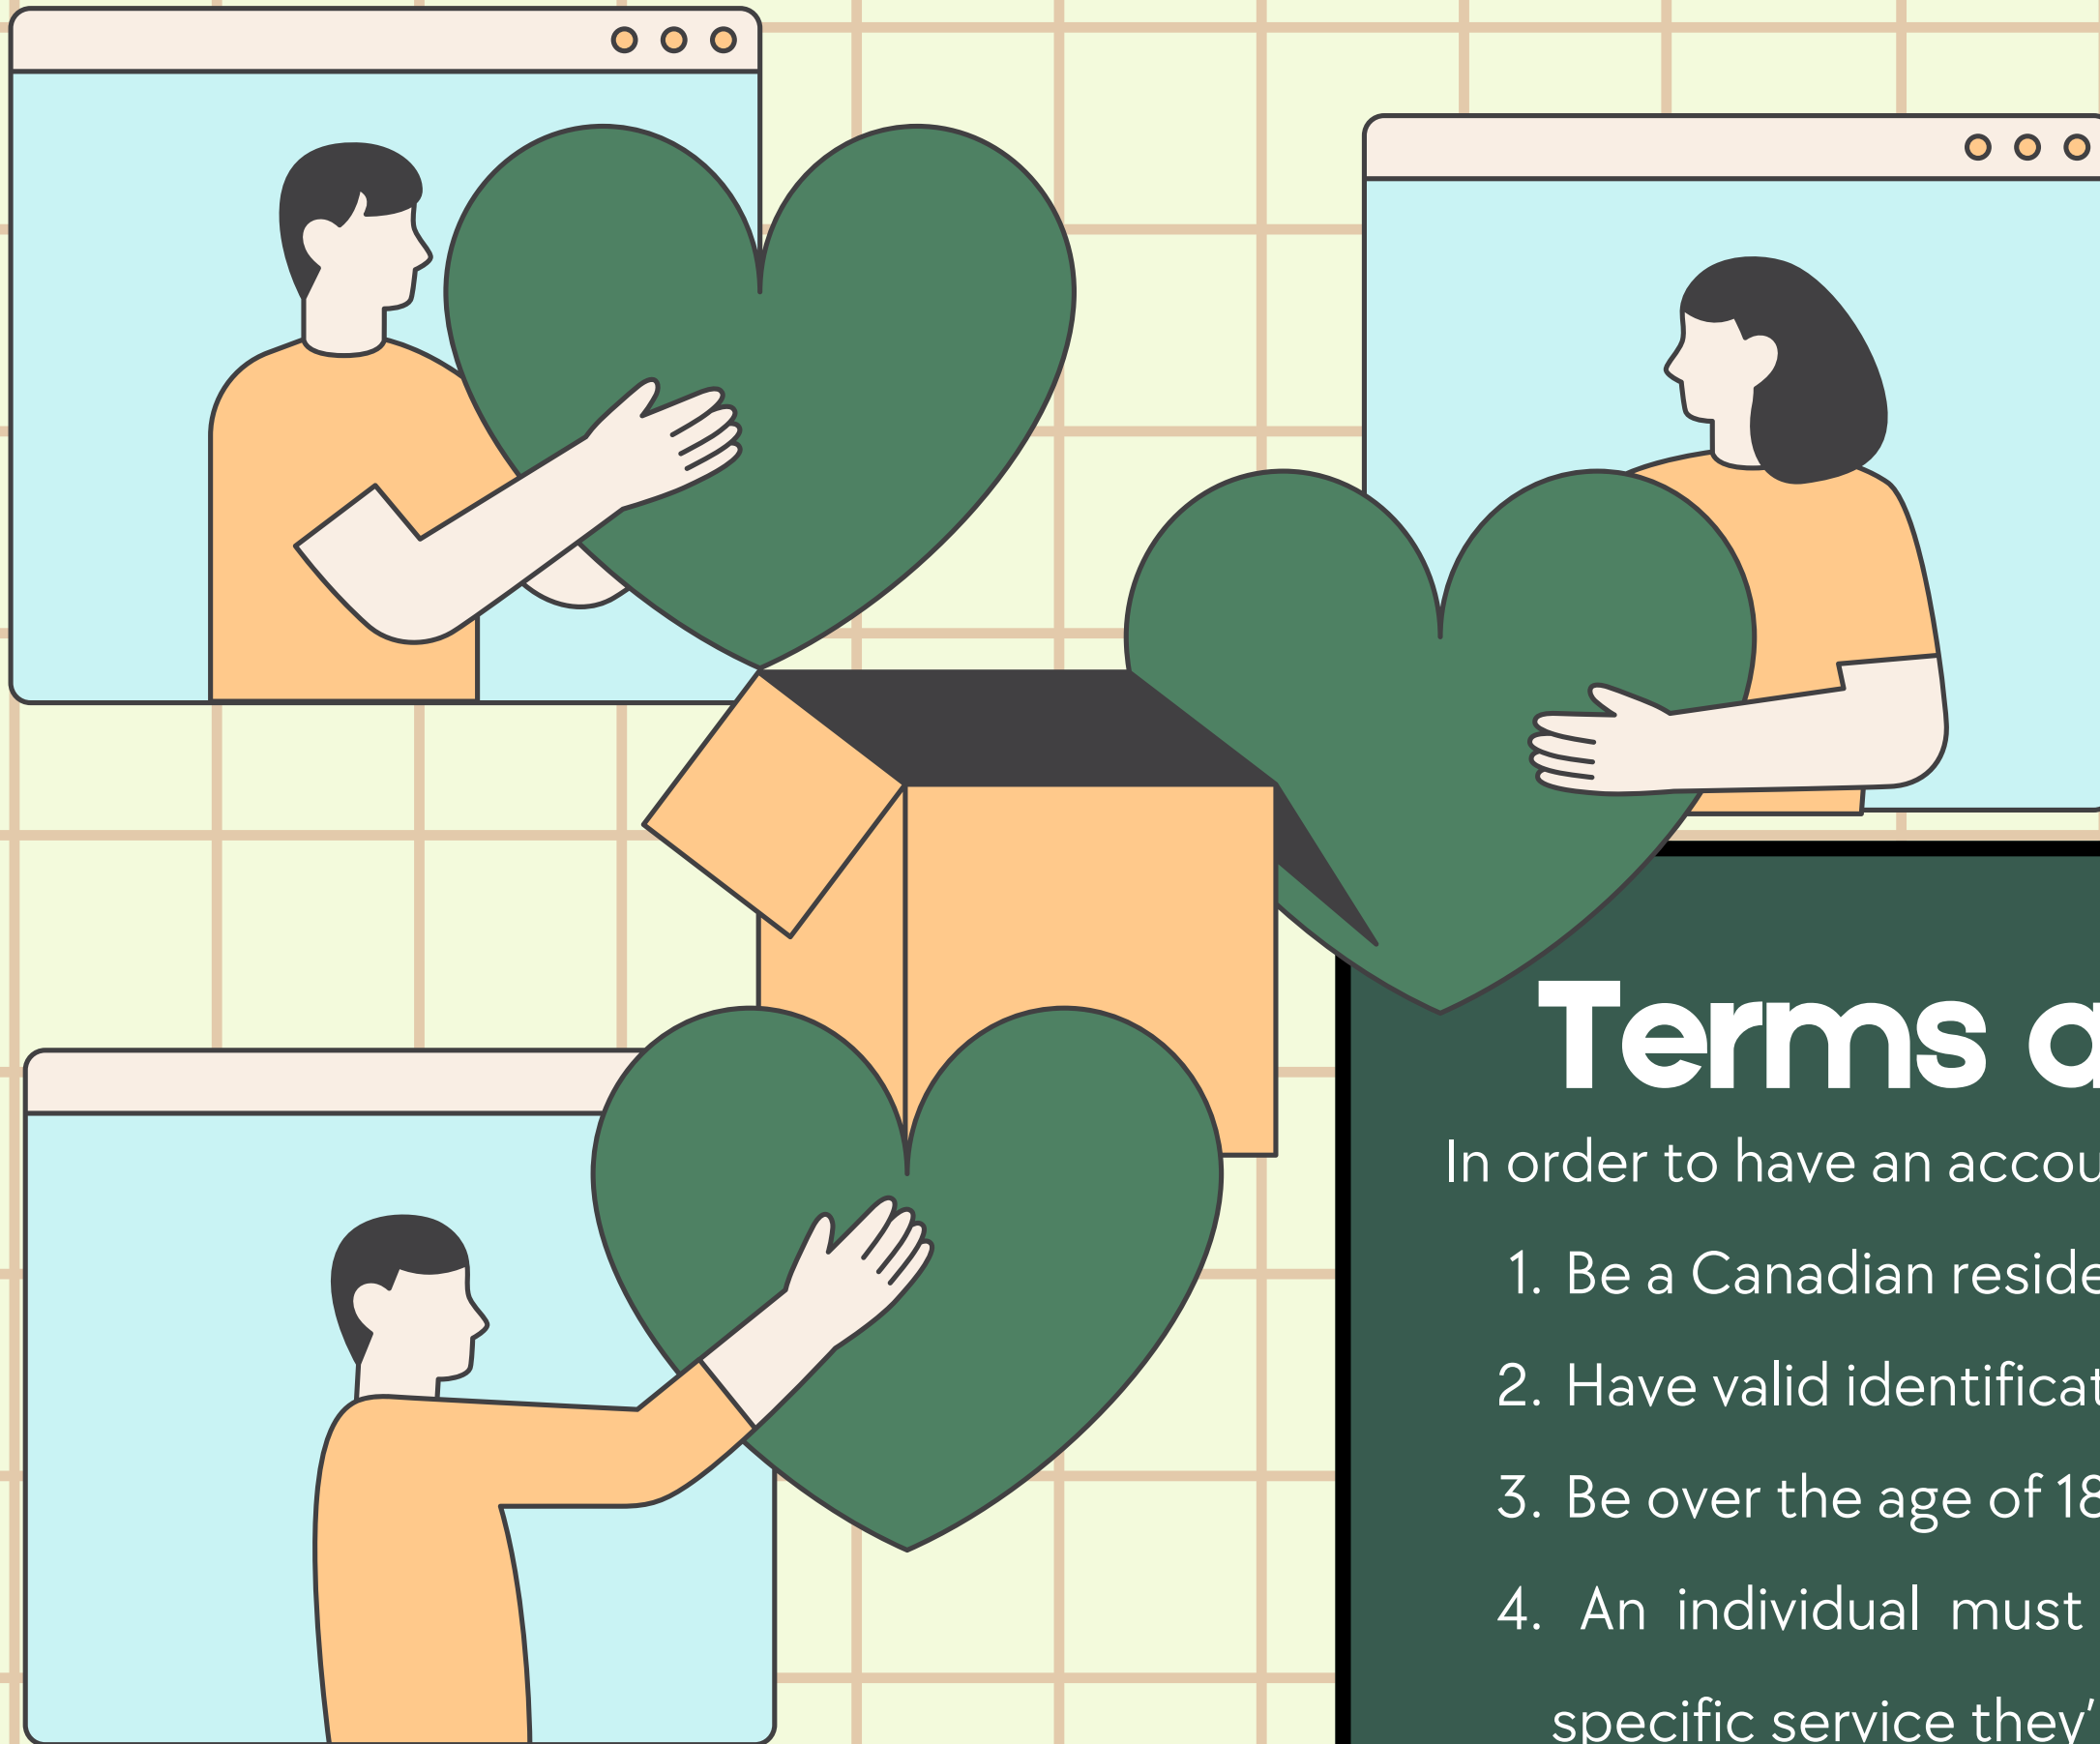

Mobile Application Description

Heart to Heart is a charity and donation application sponsored by the Government of Quebec.

This application is for individuals in Montreal that have a low income.

Based on their tax information, a profile will be created and the individuals will be shown the services they have access to.

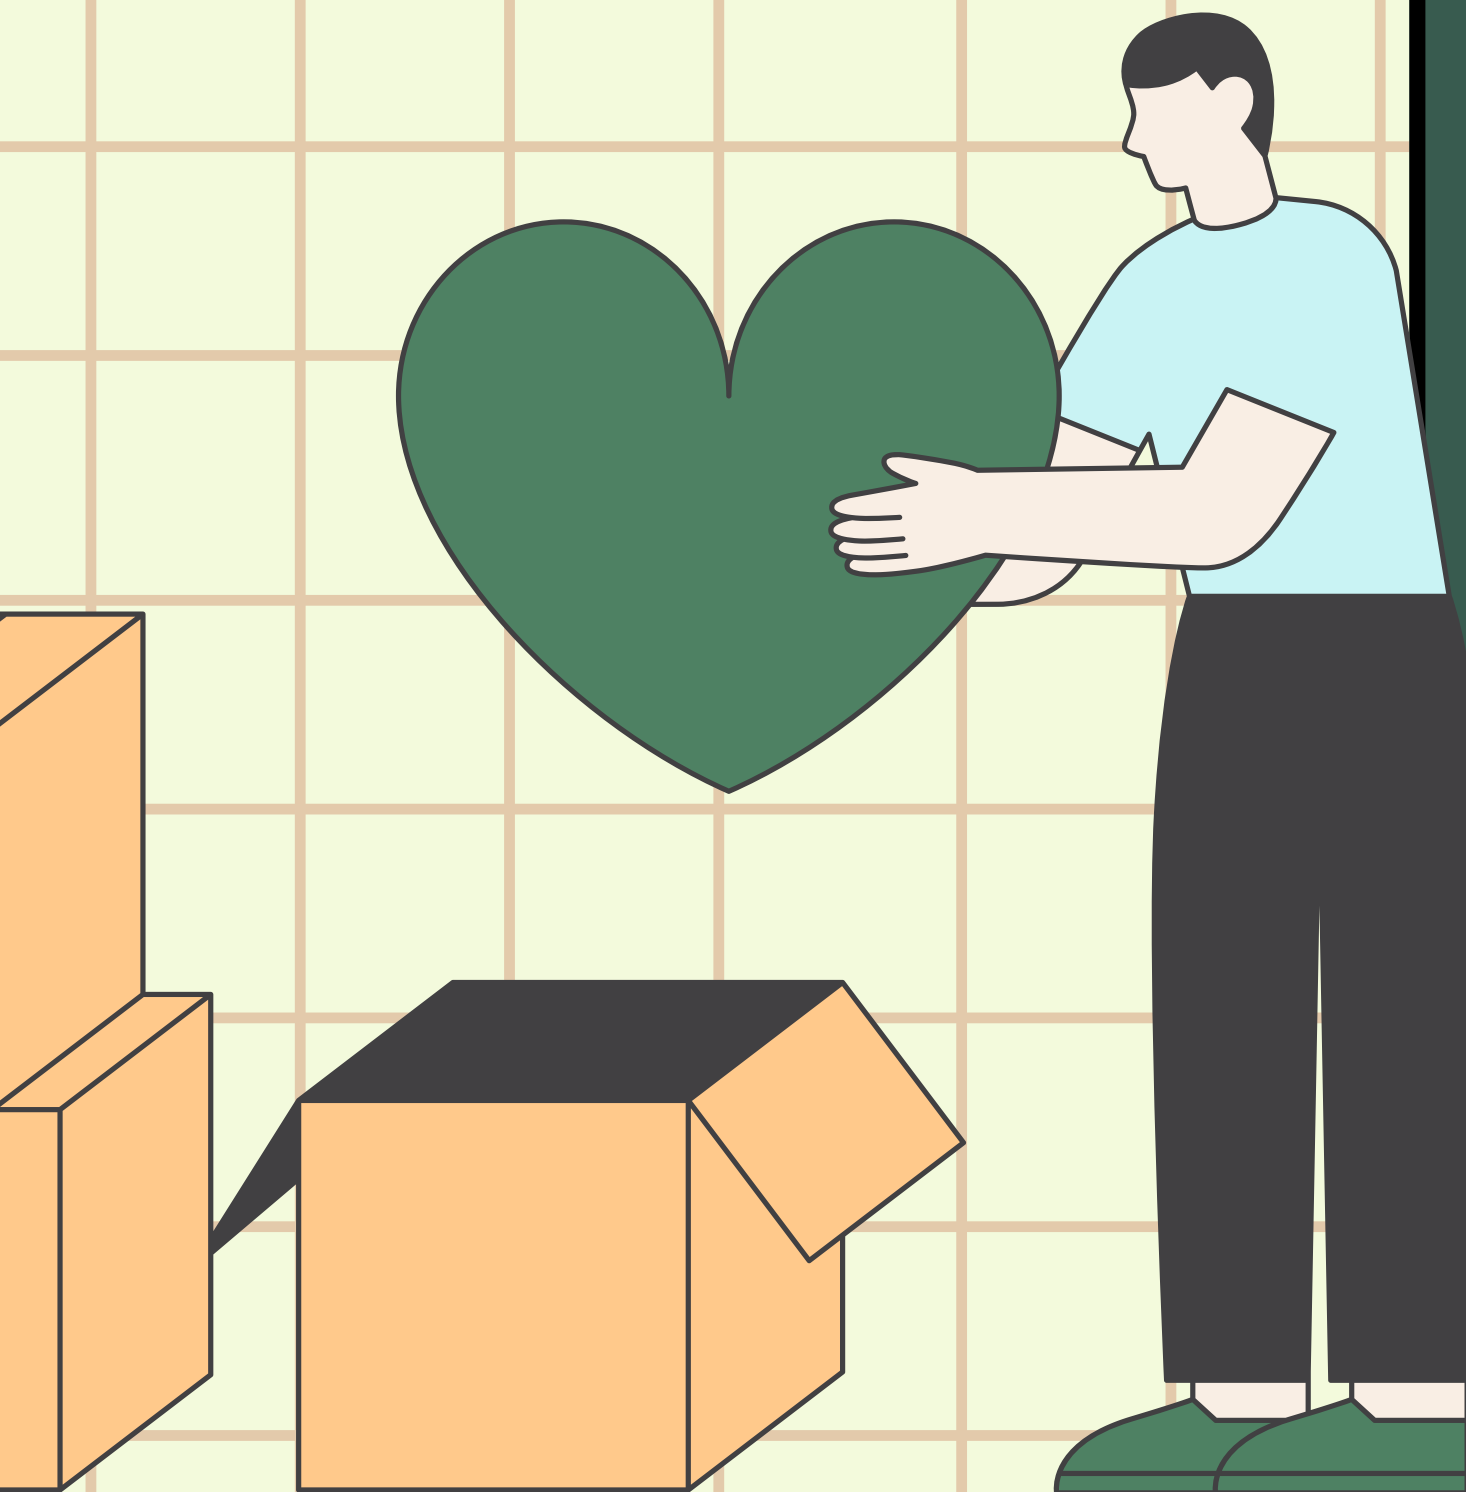

Terms and conditions

In order to have an account, the user must fulfill the following requirements:

1. Be a Canadian resident.
2. Have valid identification (e.g. Driver's license, Medical card, Passport).
3. Be over the age of 18.
4. An individual must present legitimate proof of qualifications for the specific service they're attempting to provide.
5. In order to accept donations you must be low income.

Features

As a donee ...

As a donee, you can receive diverse services such as :

- 1.Item donations: Food, Clothing, Appliances, etc..
- 2.Service donations: A qualified individual offers a free service, for example: Sink repair, wall painting, grass cutting, etc...

To be qualified as a donee you must have a low income or lower according to tax documents.

Even as a donee you have the option to donate items or services

As a doner ...

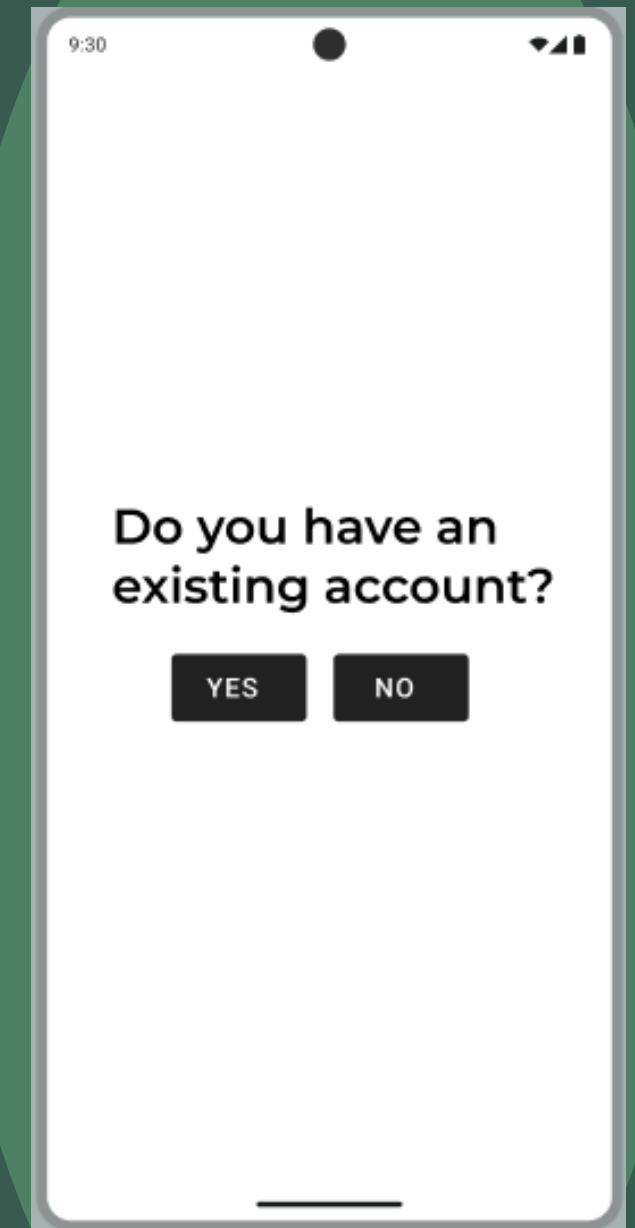

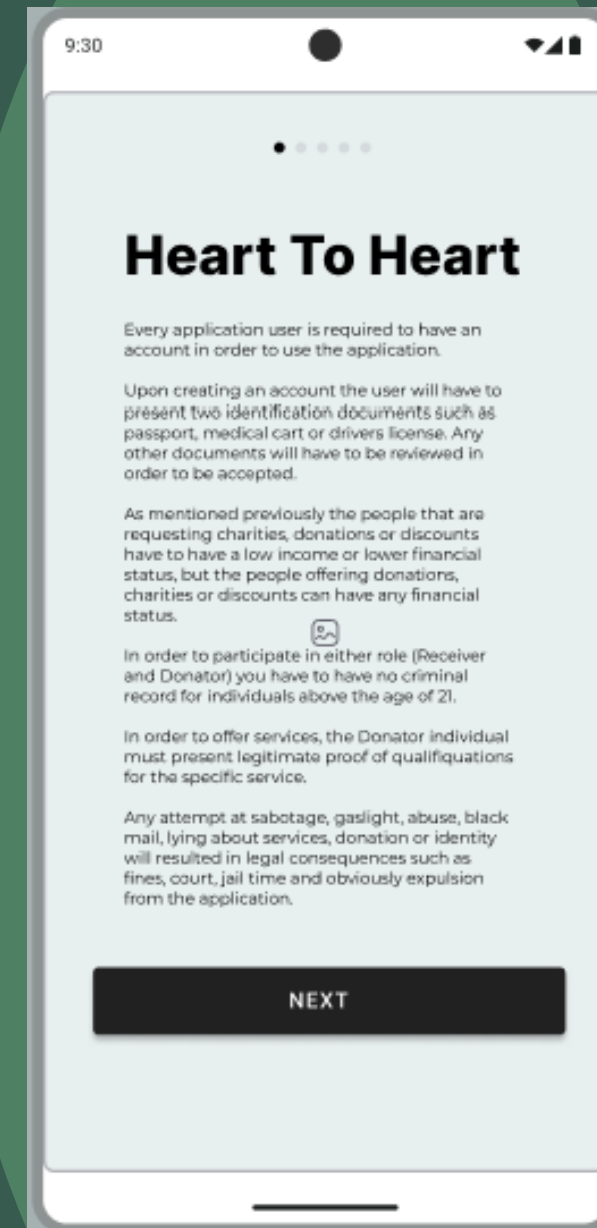

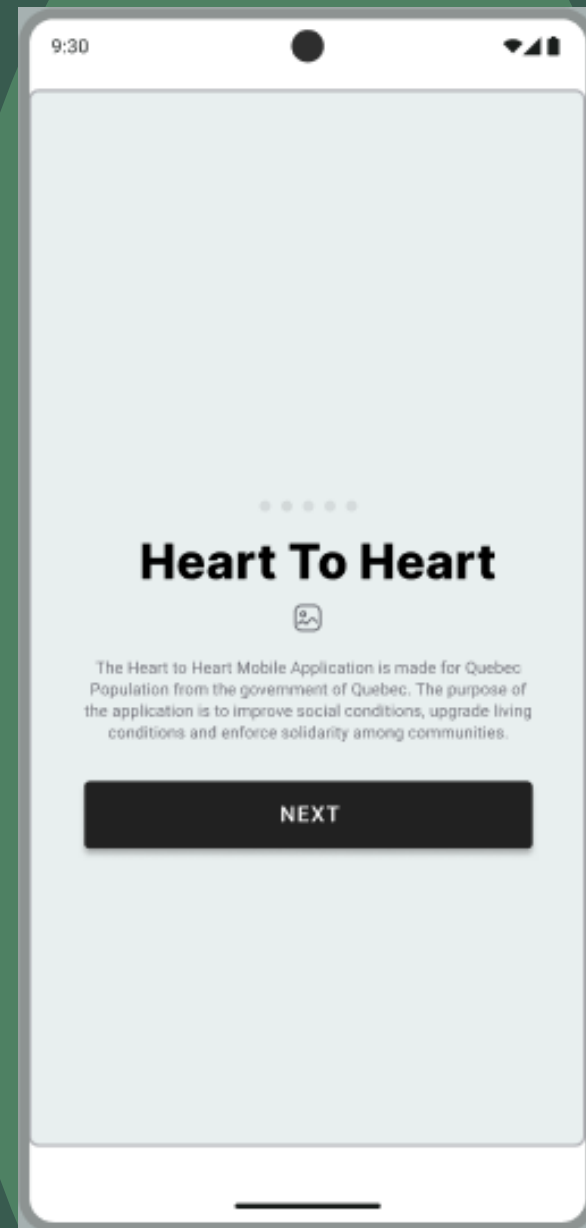

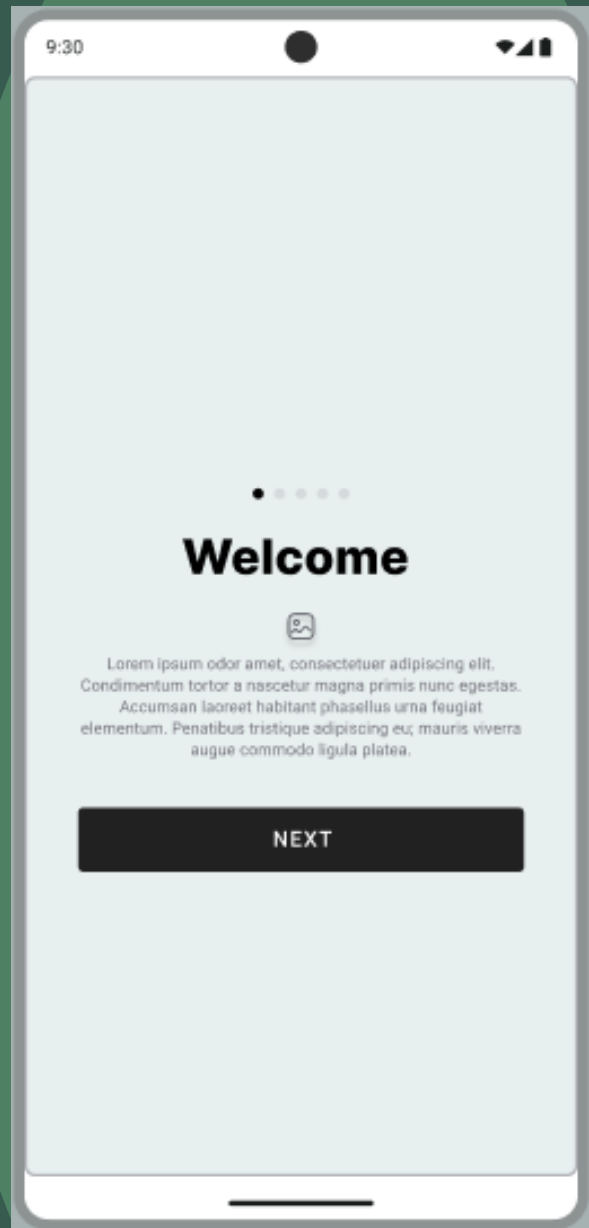

As a doner, you can offer either item donations or service donations. Everyone can be a doner despite their yearly income.

General

Both donees and doners can:

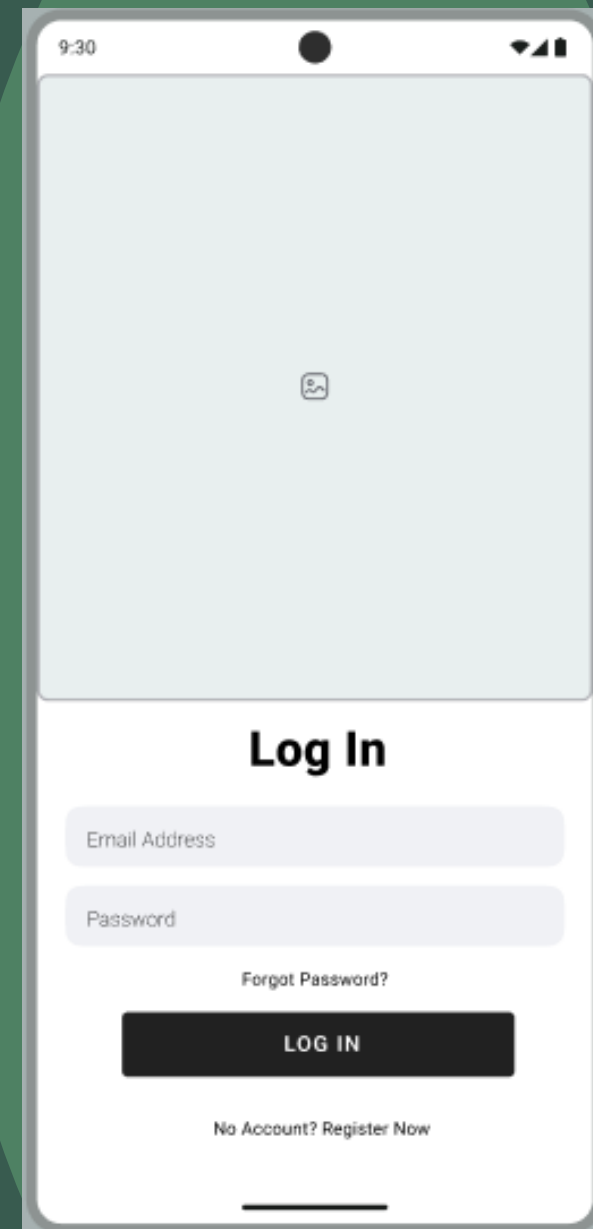

- 1.Browse donations and services
- 2.Change user settings
- 3.Add donations to offer
- 4.Remove donations to offer
- 5.Search specific items, food and service

Welcome to Heart to Heart!

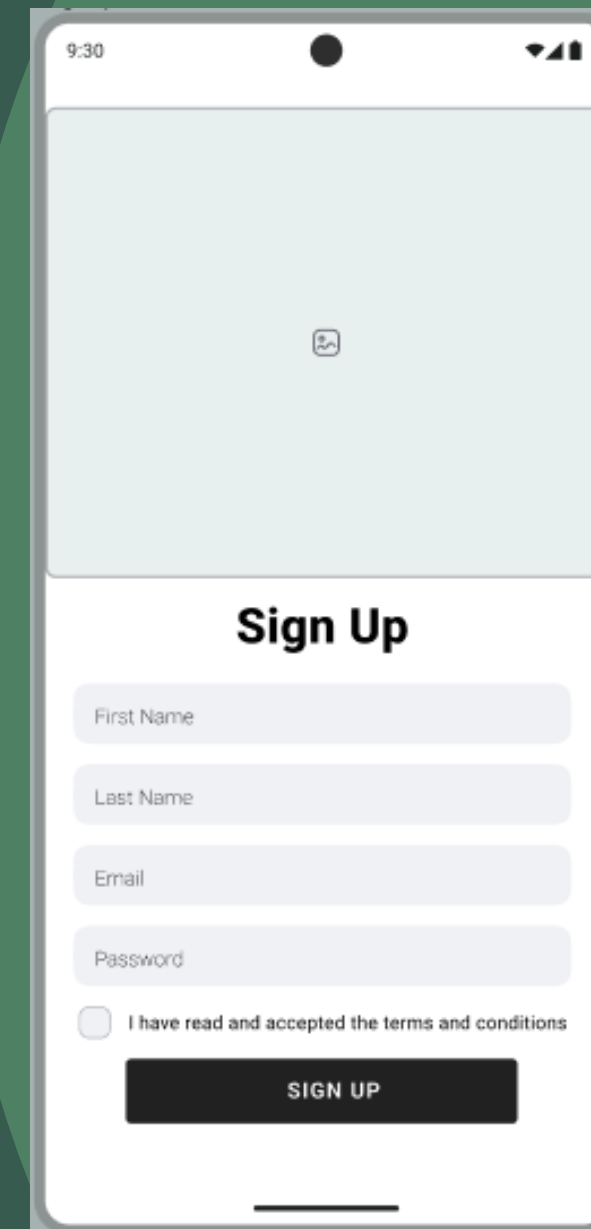

Welcome to Heart to Heart! (pt. 2)

If the user already has an
account

A mobile app login screen. At the top, a status bar shows the time 9:30 and signal strength. Below is a large light blue rectangle with a small icon in the center. Underneath is the title "Log In" in bold. This is followed by two input fields labeled "Email Address" and "Password". A link "Forgot Password?" is positioned below the password field. A black button with the text "LOG IN" is centered below the link. At the bottom, a link "No Account? Register Now" is displayed.

If the user doesn't have
an account

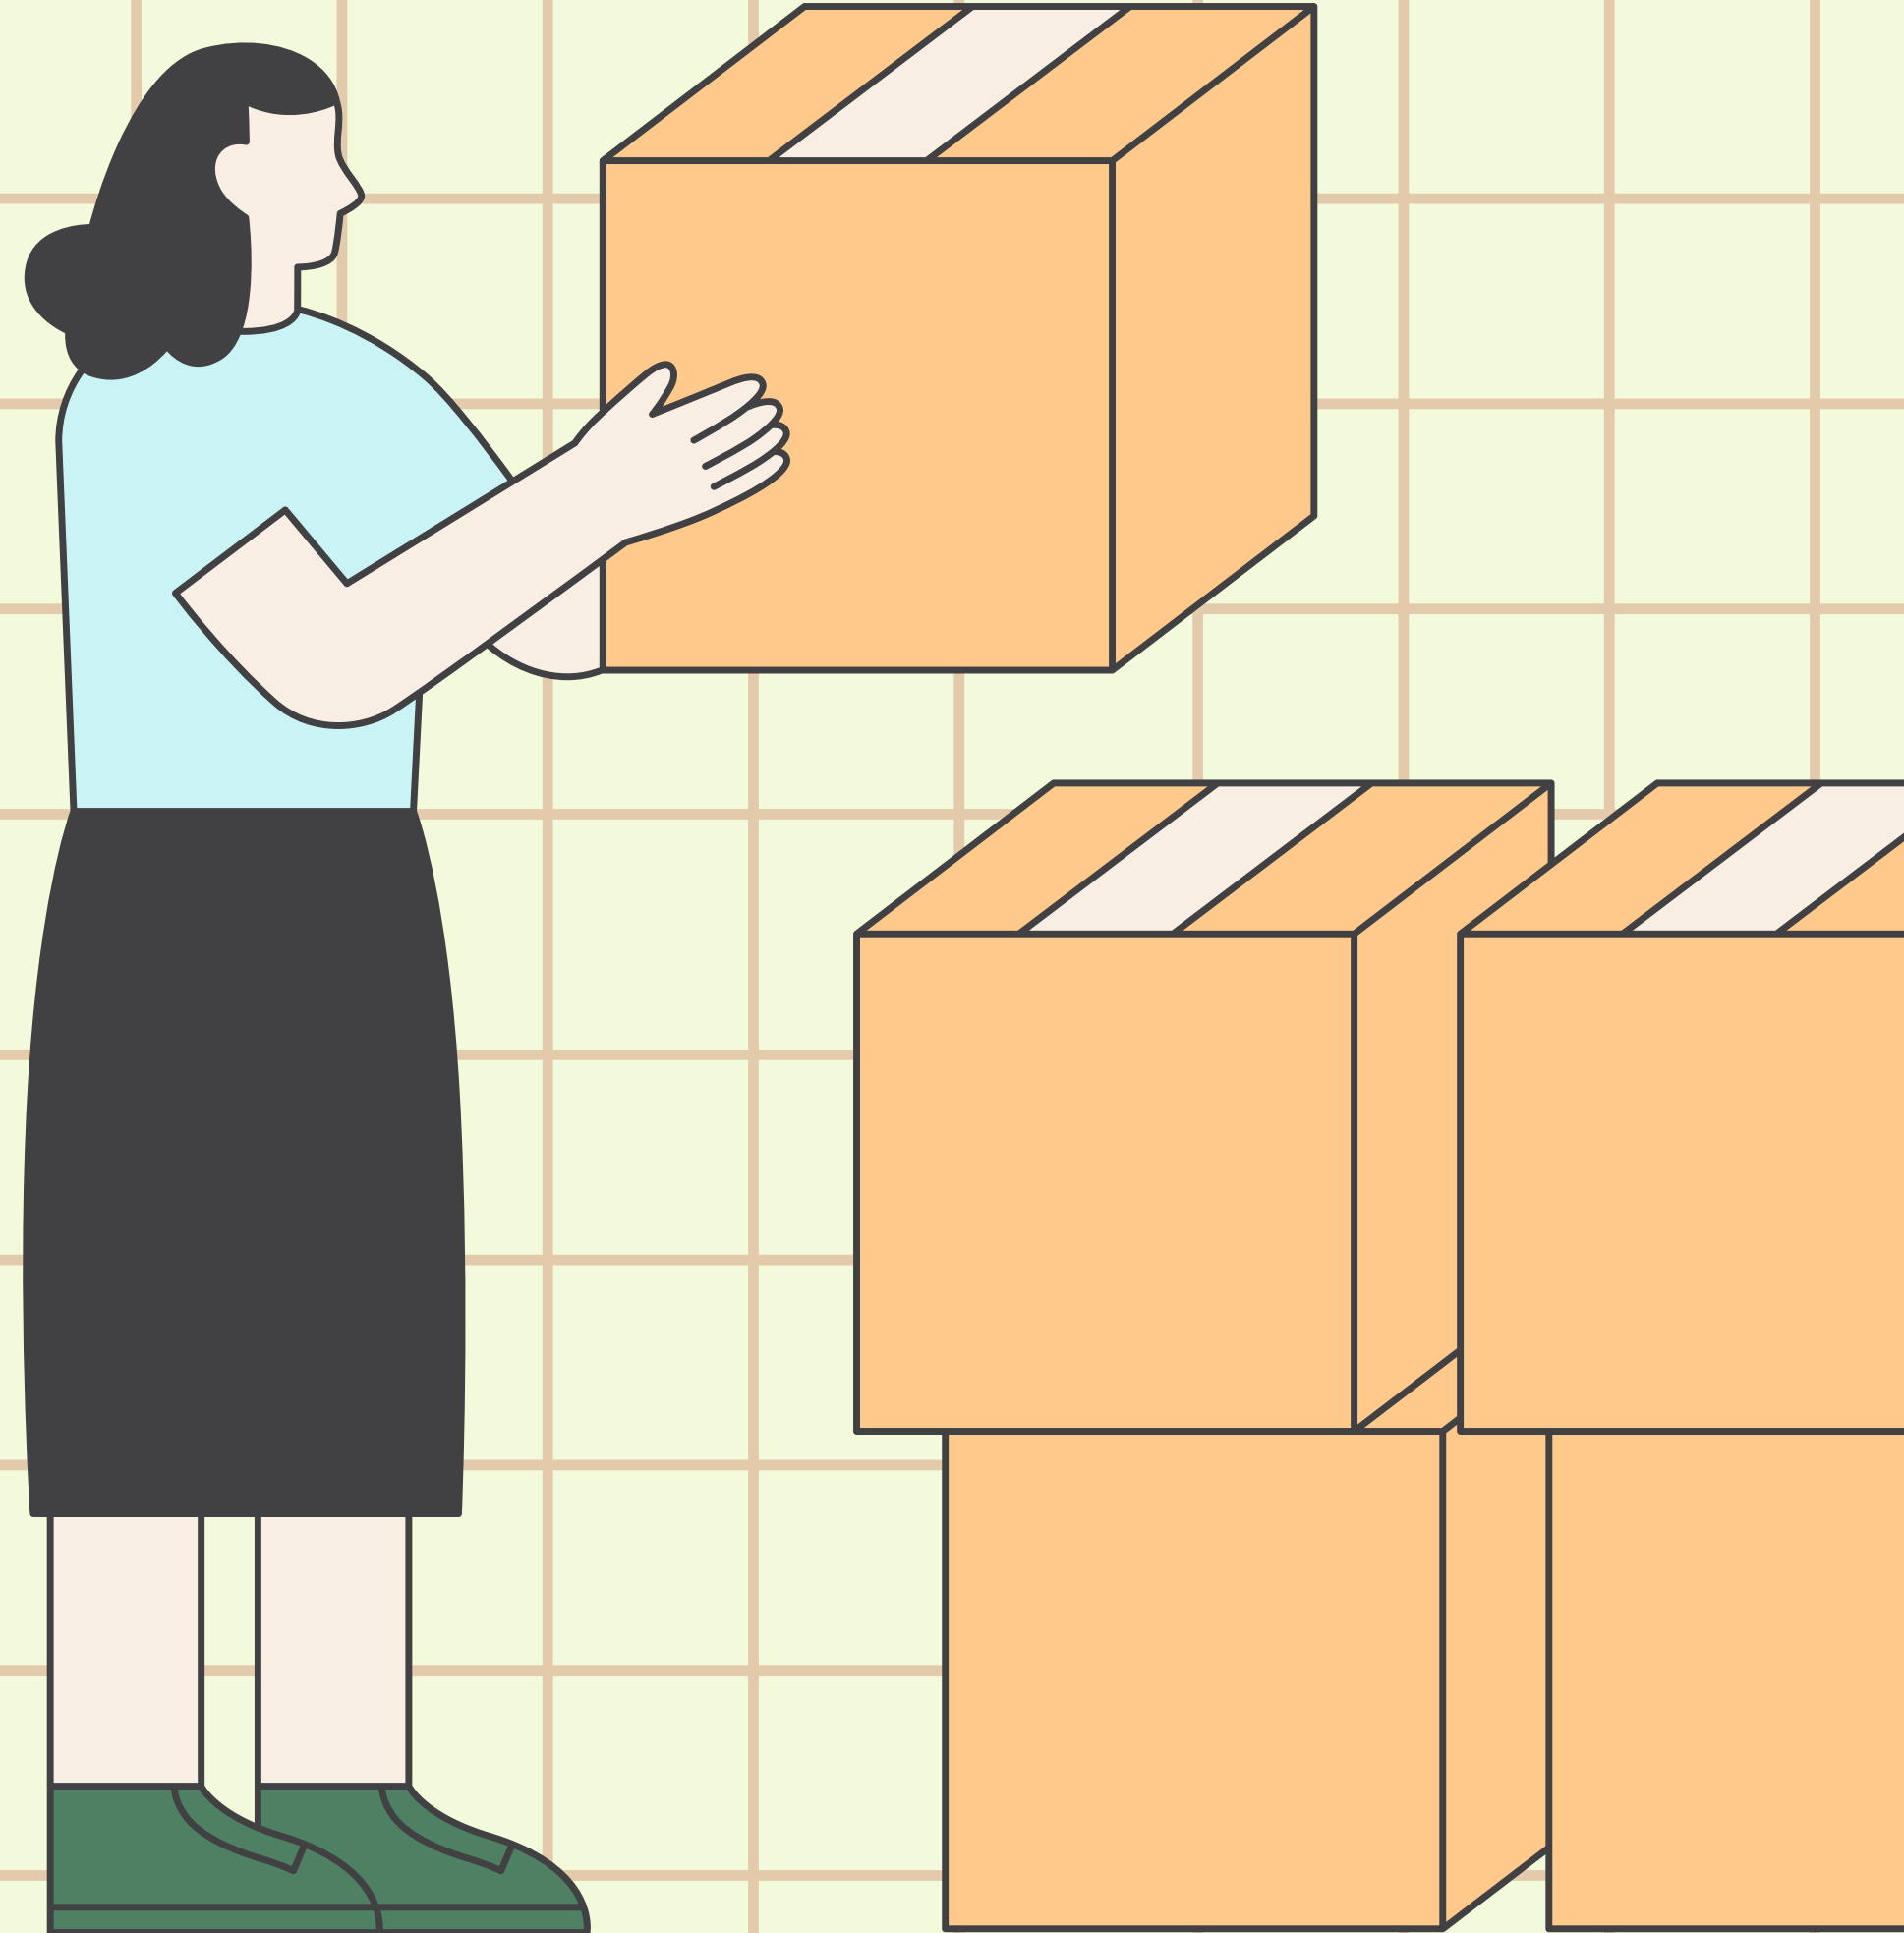

A mobile app sign up screen. At the top, a status bar shows the time 9:30 and signal strength. Below is a large light blue rectangle with a small icon in the center. Underneath is the title "Sign Up" in bold. This is followed by four input fields labeled "First Name", "Last Name", "Email", and "Password". Below the password field is a checkbox with the text "I have read and accepted the terms and conditions". A black button with the text "SIGN UP" is centered below the checkbox. At the bottom, a horizontal line is visible.

Settings

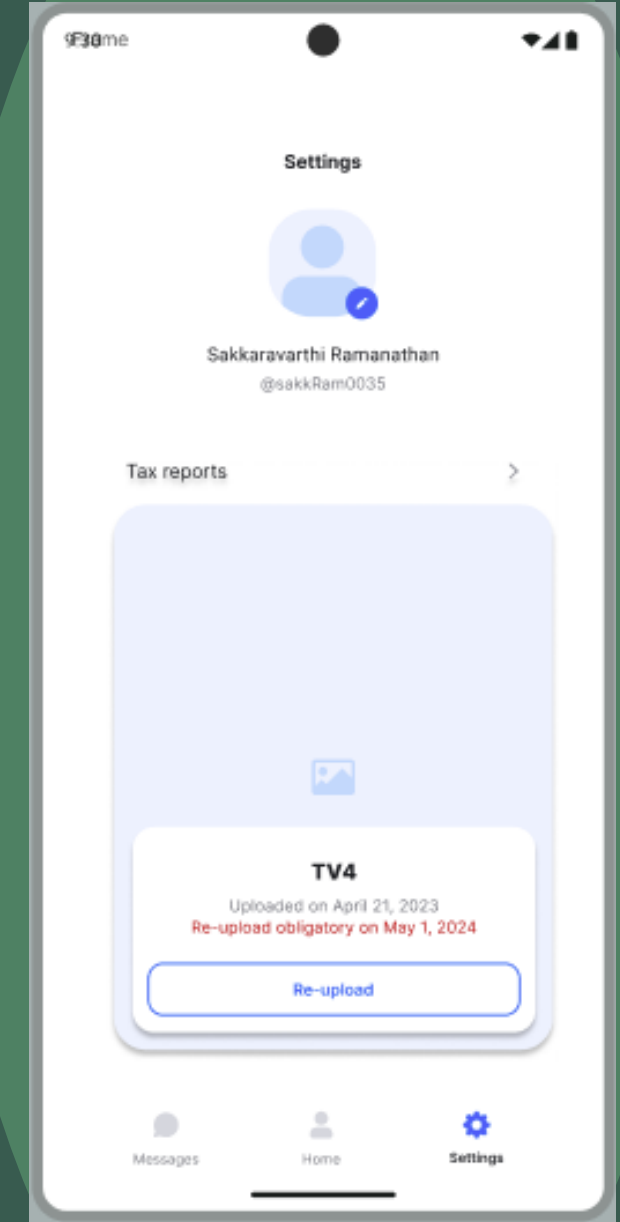

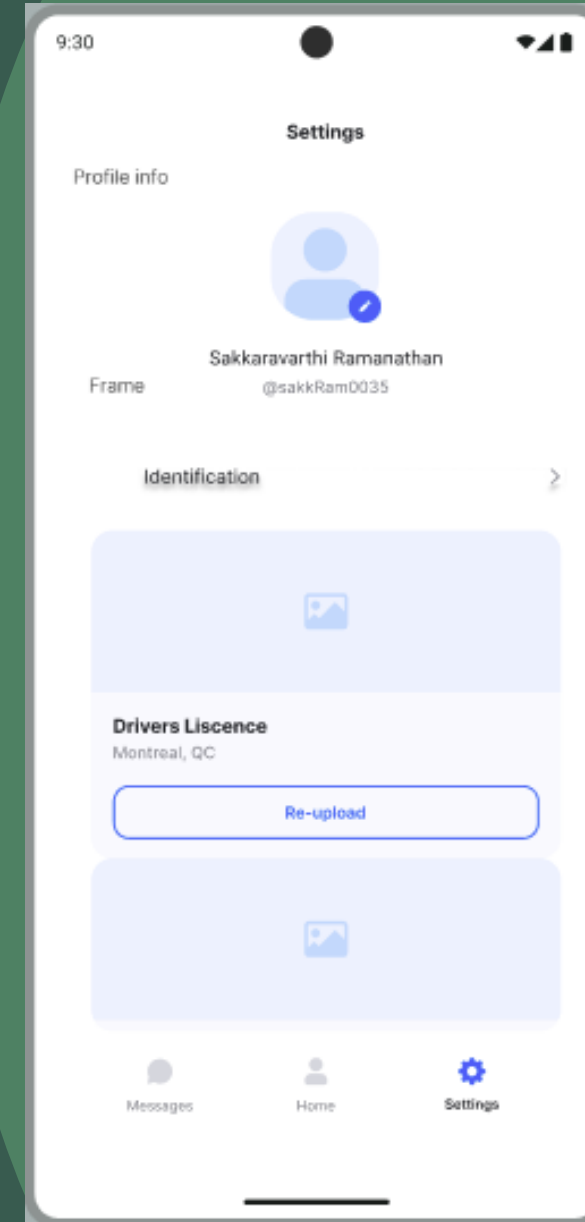

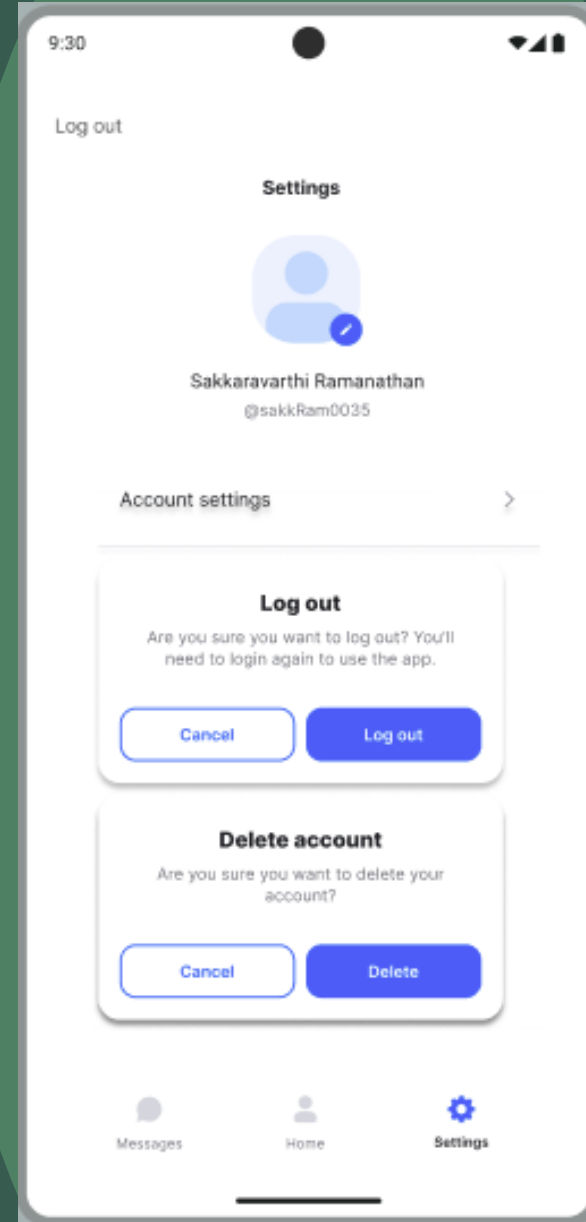

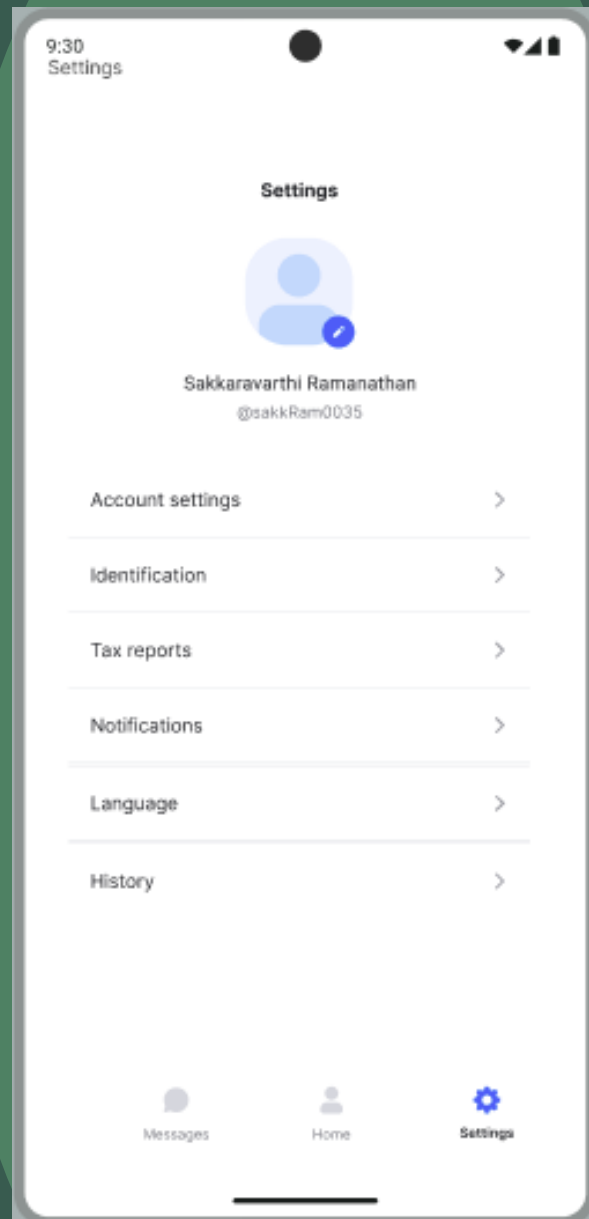

As a user to Heart to Heart you are required to submit 2 valid identification pictures and your income tax forms.

These actions as long as the following can be found in the settings:

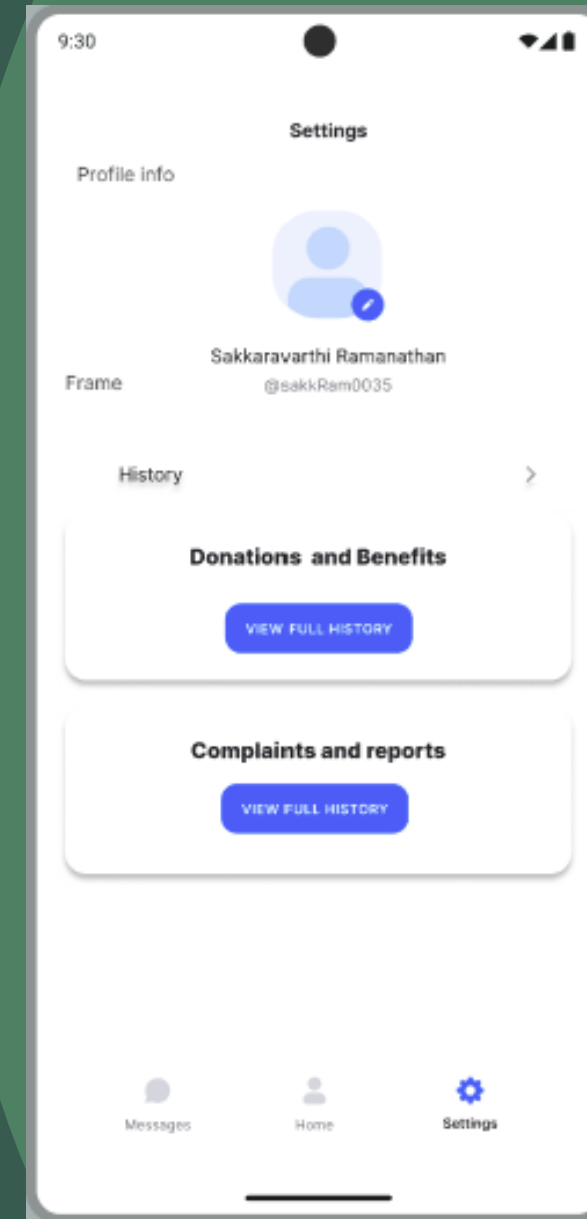

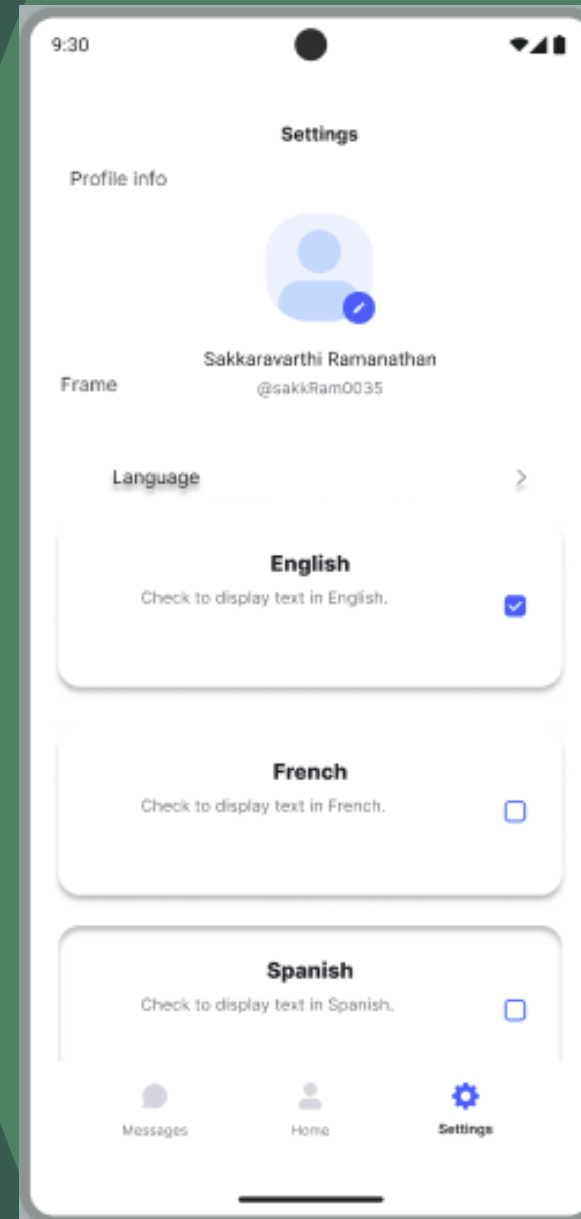

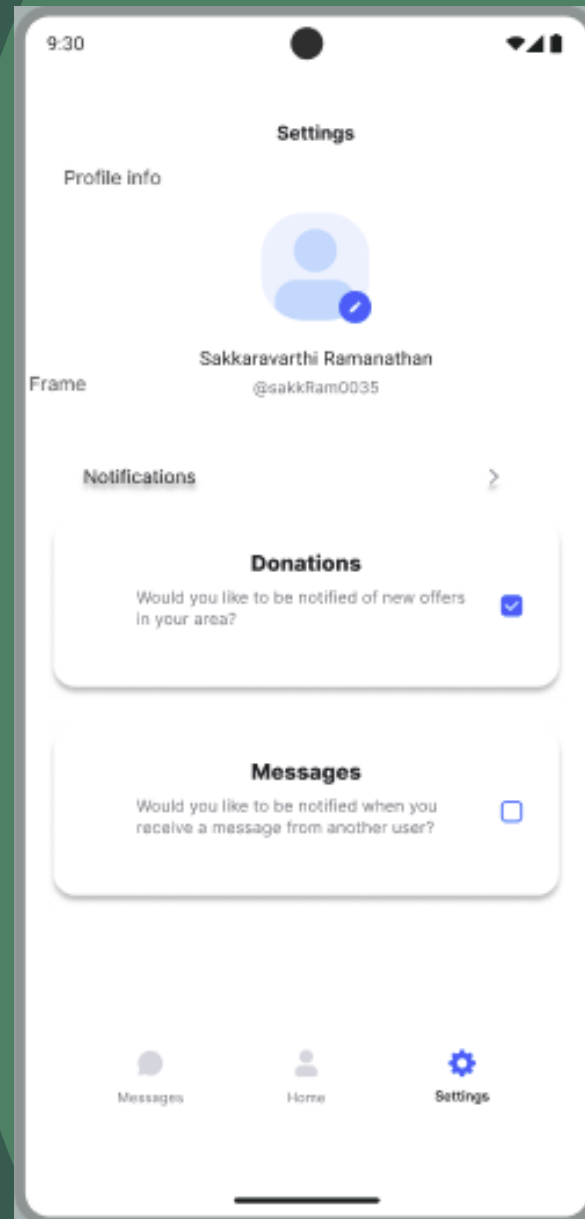

- 1.Account settings
- 2.identification
- 3.Tax reports
- 4.Notifications
5. Language
- 6.History

Settings

Settings (pt. 2)

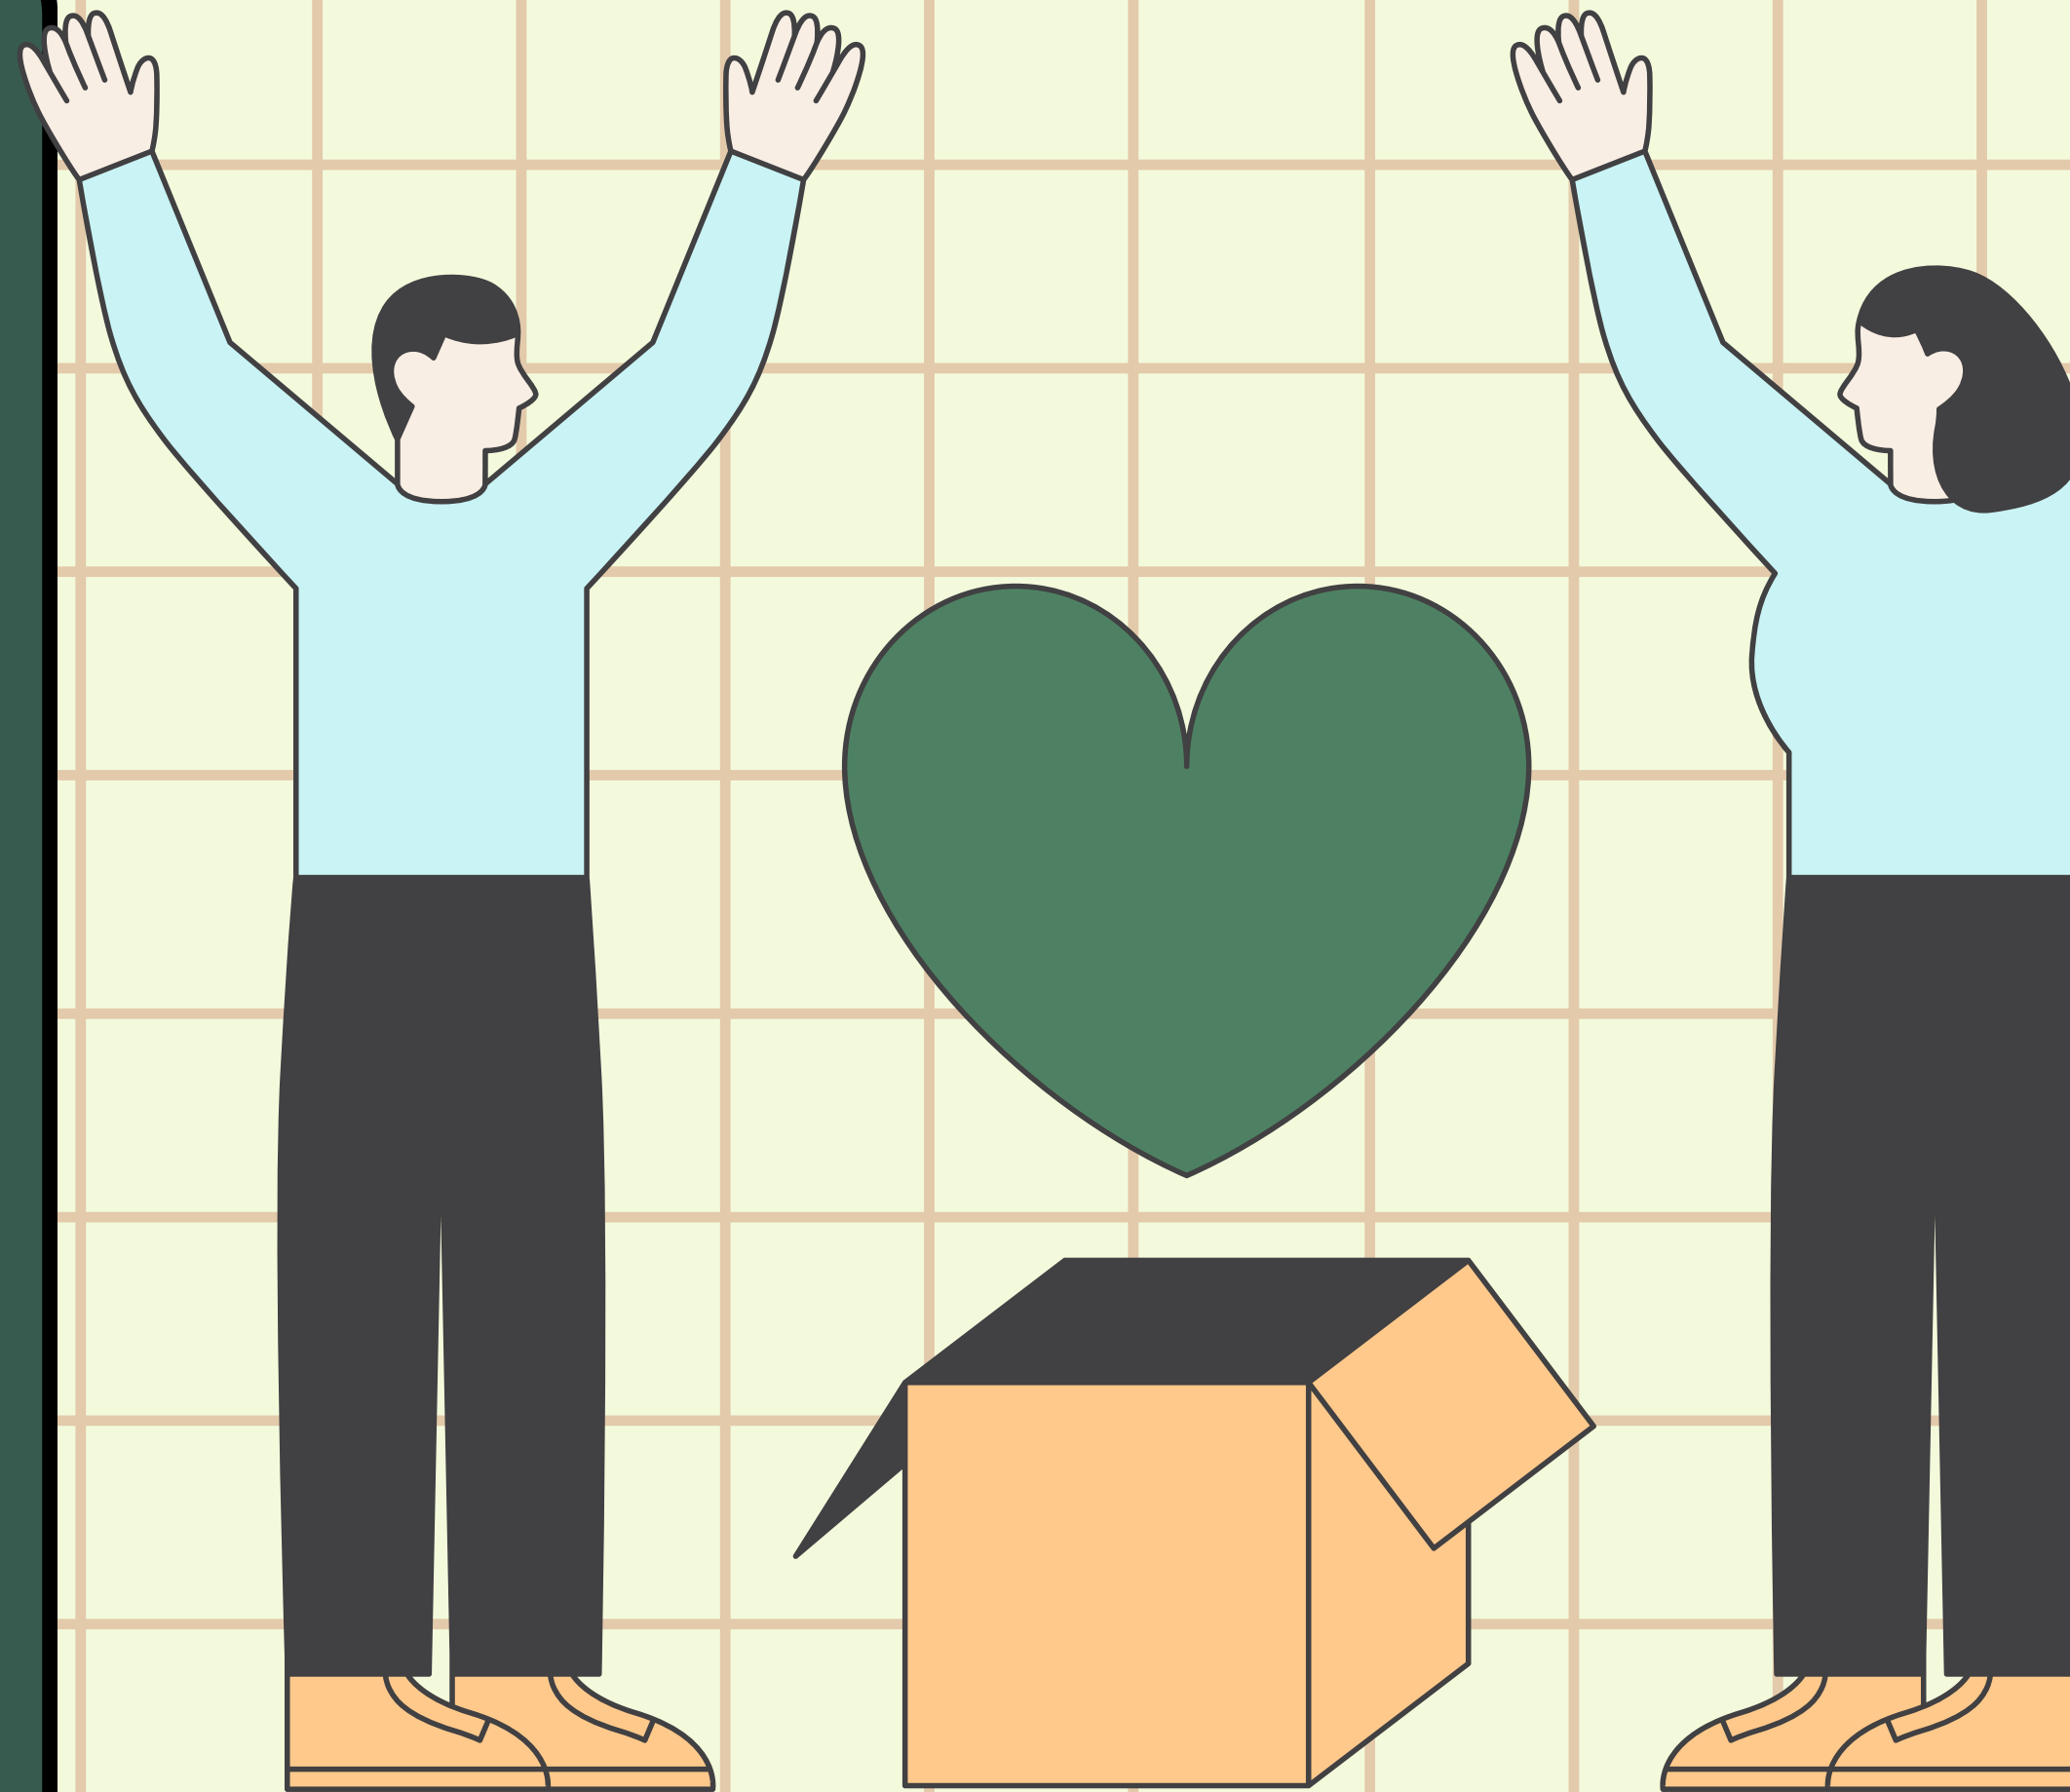

CRUD

For the CRUD of our project, we will implement the following:

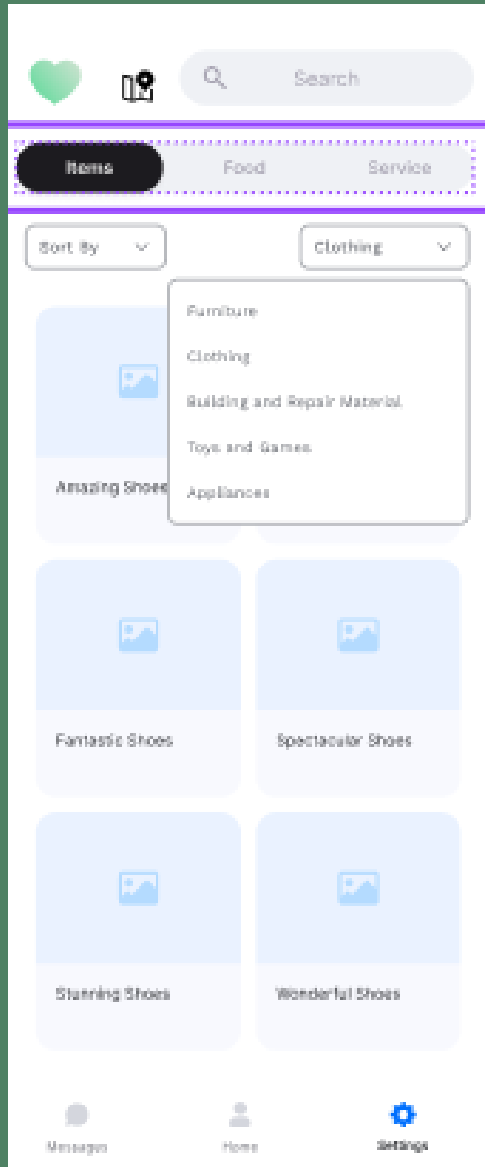

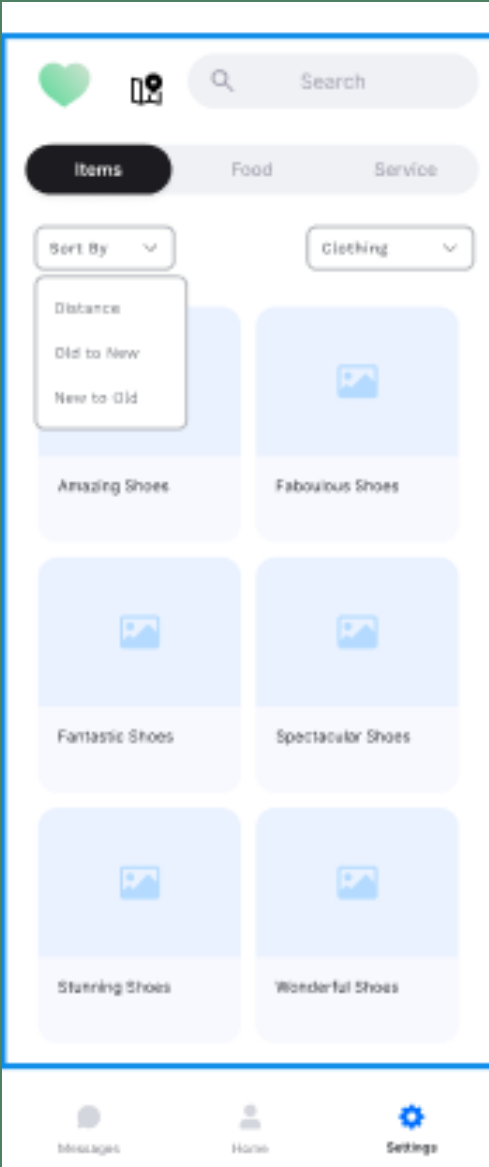

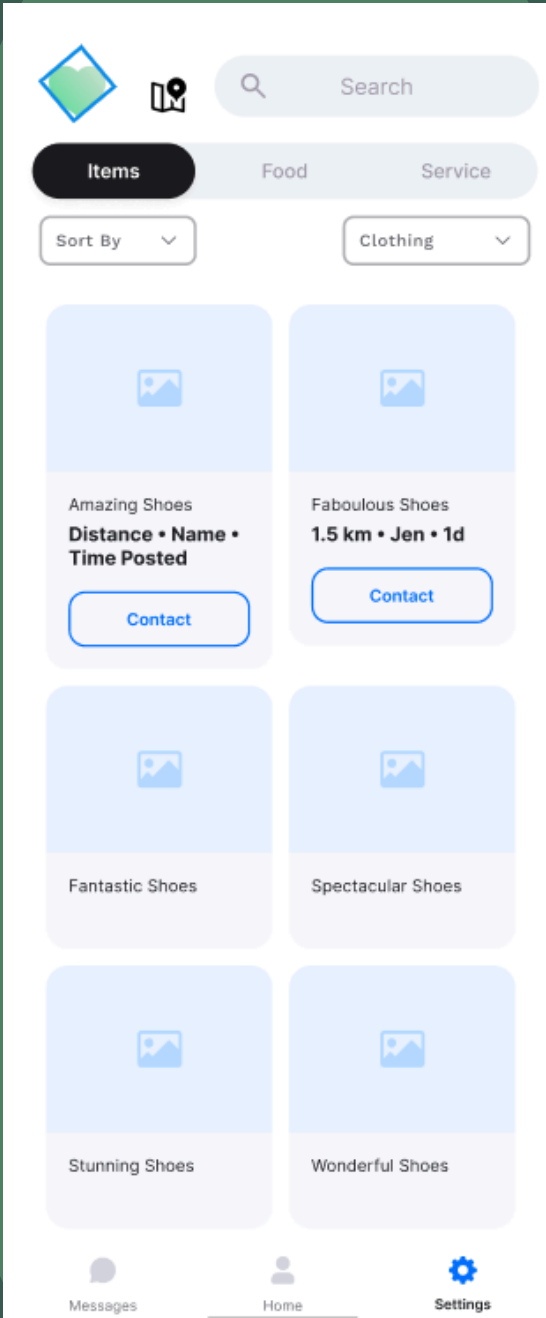

1. Manage donations posted as donor (History)
2. Manage messaging (Message exchange between donee and donor)
3. Manage forms (Submit donation form)
4. Manage files (Identification and ta forms)

On the technical side of things, we decided to use MySQL as a database and FireBase to manage the messaging.

In order to work on this project in harmony we were going to use GitHub to compile our applications and Discord to communicate.
